

Abbott's Mill Nature Center
DELAWARE NATURE SOCIETY

Did you know?

Flowering plants help to purify water and prevent erosion through roots that hold the soil in place, and foliage that buffers the impact of rain as it falls to the earth. Plants depend on pollinators like butterflies to reproduce!

Gardening for Clean Water and Butterflies

At the Seaford District Library
March 20, 2017 starting at
6:00pm

Enjoy landscaping your yard, big or small, with attractive native plants which support wildlife habitat while helping to reduce pollution in our waterways.
